

Sosie™ Personality & Values Questionnaire

Singapore General Population Norm Group

N = 229

This group consists of a broad sample of the Singapore general population encompassing over 15 major occupational groups, including Engineering, Marketing, Finance, Human Resources and IT professionals.

52.4% of the sample were male.

Age ranged from 16 – 69, with 56% of the group under age 34.

83% of the sample were ethnically Chinese, 5% Indian, 7% Malay and 5% Others.

81% reported their educational level; 56% hold a degree or higher professional qualification, 14% hold a diploma and 11% hold a GSCE A-Level or equivalent.

The sample was collected throughout 2012 and 2013 as part of a standardisation effort for the Sosie™ Personality & Values Questionnaire
